THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Plymouth in the County of Grafton in said State, qualified to vote in town affairs:

You are hereby notified to meet at the Grade School Auditorium in said Plymouth on Tuesday, the eighth day of March next, at ten of the clock in the forenoon, at which time the Polls shall be opened and shall close not earlier than six o'clock in the afternoon to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see what sum of money the Town will vote to raise and appropriate for the support of the Free Public Library.
4. To see what sum of money the Town will vote to raise for the maintenance and construction of highways.
5. To see what sum of money the Town will vote to raise for the oiling of streets.
6. To see what sum of money the Town will vote to raise for town maintenance in cooperation with the State.
7. To see what sum of money the Town will vote to raise for Memorial Day.
8. To see what sum of money the Town will vote to raise for Cemeteries.
9. To see if the Town will vote to raise and appropriate the sum of three hundred twenty-seven dollars (\$327.00) to the Lakes Region Association, which is (1/100th. of 1%) one one-hundredth of one per cent, of the assessed valuation for the purpose of publicizing and promot-

ing the natural advantages and resources of the Town together with other Towns in the Lakes Region.

10. To see what sum of money the Town will vote to raise for the Sceva Speare Memorial Hospital of Plymouth, New Hampshire.
11. To see what sum of money the Town will vote to raise for Band Concerts during the summer of 1949 by the Plymouth Community Band.
12. To see what sum of money the Town will vote for the care of the Plymouth Common.
13. To see what sum of money the Town will vote to raise for Sidewalks.
14. To see if the Town will vote to raise the sum of four hundred dollars (\$400.00) for the control of the White Pine Blister Rust.
15. To see what sum of money the Town will vote to raise to establish and maintain suitable coasting and skating places in the Town.
16. To see what sum of money the Town will vote to raise to issue and distribute circulars and other written and printed matter calling attention to the resources and natural advantages of the Town.
17. To see what action will be taken on the possibilities of zoning in Plymouth.
18. To see if the Town will vote to raise and appropriate at least seven hundred fifty dollars (\$750.00) to the Plymouth Youth Council to establish, equip and maintain suitable places for public playgrounds.
19. To see if the Town will approve the acquisition by the United States Government of 8,008 square feet (0.18) acres of land, situated in the town,, such land to serve as residence and headquarters for U. S. Forest Service personnel, and described as follows: All that certain tract or

parcel of land lying and being in the village of Plymouth, in the town of Plymouth, Grafton County, New Hampshire, situated on the northerly side of Garland Street and the easterly side of Langdon Street in said village, and covering part of the parcel of land conveyed by Mildred C. Peppard and John T. Peppard, her husband, to Margaret E. Volpe by deed dated April 9, 1941, of record in Deed Book 696, page 250 of the records of Grafton County, New Hampshire.

20. To see what sum of money the town will vote to raise for rebuilding the Reservoir Bridge and the John Jenness Bridge.
21. To see if the town will vote to raise the necessary money to repair Baker River bridge.
22. To see if the Town will vote to authorize the Selectmen to sell and convey a strip of land along the Northerly boundary of property of John Gadd situated on the Easterly side of Main Street in the Village of Plymouth, New Hampshire, extending from the Easterly side of said Main Street Easterly to land of the Boston & Maine Railroad, the width of the Westerly end of said strip to be fifteen feet, more or less, and the width of the Easterly end to be twenty-five feet, more or less, and not required for highway purposes.
23. To see if the Town will vote to observe, during the month of August, 1949, the 50th Anniversary of Old Home Week, and raise and appropriate a sum of money therefor.
24. To choose a Library Trustee for a term of three (3) years.
25. To choose a Trustee of Trust Funds for a term of three (3) years.
26. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

27. To see if the Town will vote to give a discount on the early payment of taxes.

28. To transact any other business that may legally come before this meeting.

Given under our hands and seals this nineteenth day of February in the year of our Lord one thousand nine hundred and forty-nine.

WALLACE C. CUSHING, Jr.,

ARNOLD W. SPENCER,

HARL PEASE,

Number of volumes of non-fiction loaned	2,137
Number of magazines loaned	1,153
Total circulation for year	12,274
New borrowers added	340
Number of volumes rebound	17

AUDITORS' REPORT

Plymouth, New Hampshire

February 12, 1949

We have made a complete audit of all the books and records kept by the Selectmen, Town Treasurer, Town Clerk, Tax Collector, Overseer of the Poor, Road Agent, Trustee of Trust Funds, Treasurer of Library Trustees, and Justice of the Municipal Court.

We verified cash balances and reconciled bank statements for all officials having bank accounts. The individual entries for all expenditures were verified by checking on authorization and comparing cancelled checks for all amounts with vouchers and accompanying invoices and payrolls. Column totals, extensions, page footings were checked for each set of books and proven.

In addition to auditing the books of various officials we prepared or approved statements showing the financial condition of the various departments and the results of operations for the year. We believe that our signed statements correctly show the facts of the audited books.

The securities of the trustees of trust funds were submitted for examination. All funds are invested in U. S. Government Bonds or deposits in the Plymouth Guaranty Savings Bank.

We examined the surety bonds of the town treasurer, tax collector, town clerk, trustees of trust funds, and road agent, and found that these officers were properly bonded.

We burned one \$600.00 Town of Plymouth Bridge Bond No. 15 and 12 Interest Coupons totalling \$144.00.

ROBERT J. ERNST,

KENNETH R. BARTLETT,

Auditors

WARRANT

To the inhabitants of Plymouth Village Fire District qualified to vote in District affairs:

You are hereby notified to meet at the Grade School Auditorium on Thursday the 10th day of March next at 7:30 o'clock in the afternoon to act on the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose three Fire Commissioners for the ensuing year.
4. To choose a Treasurer for the ensuing year.
5. To choose one Water Commissioner for the ensuing three years.
6. To choose Auditors for the ensuing year.
7. To see what sum of money the District will vote to raise for Fire Apparatus, supplies, care of fire alarm system, pay of Firemen and other necessary expenses of said District, for the ensuing year.
8. To see what sum of money the District will vote to raise for Sidewalks.
9. To see what sum of money the District will vote to raise for Sewer Purposes.
10. To see what sum of money the District will vote to raise for Water Purposes for the ensuing year.
11. To see what action the District will take in regard to seeking Legislation to authorize the District to exceed its present legal debt limit for the purpose of re-constructing, enlarging and improving its Water System.

12. To see what action the District will take in regard to laying a sewer from Fred Rowe's Corner to the Hospital.
13. To see what action the District will take in regard to purchasing a new Fire Truck and raising the necessary money for the same.
14. To see what action the District will take regarding the salaries of the District Officers.
15. To see if the District will vote to authorize its Commissioners to borrow such sums of money as may be necessary to pay the debts of the District and to give notes therefor, countersigned by the District Treasurer.
16. To transact any other business that may legally come before said meeting.

Dated at Plymouth, New Hampshire on this 23rd day of February, A. D. 1949.

R. W. CASS,

A. B. HARVEY,

Commissioners of Plymouth Village District

REPORT — PLYMOUTH VILLAGE PRECINCT FIRE DEPARTMENT

Item	1948 Cost	1949 Estimate
Fuel	\$ 856.72	\$ 800.00
Light and Power	186.32	190.00
Pay of Firemen	3,652.86	4,000.00
New Equipment	874.94	1,000.00
Supplies	180.58	500.00
Maintenance and Repairs	1,824.58	2,000.00
Office Expense (Rent, Lights, Telephone)	64.63	65.00
Interest	87.50	25.00
Insurance	795.56	700.00
District Officers	300.00	300.00
Miscellaneous Expense	123.16	75.00
Bank Notes (See note below)		
Grand Totals	<u>\$ 8,946.85</u>	<u>\$ 9,655.00</u>

(Note: The Town Allotment for 1948 was not received until December, so we had to borrow \$3,000.00 in Notes from the Pemigewasset National Bank to tide us over. These Notes, and the Note of \$2,000.00, which was outstanding at the beginning of 1948, were paid in full, plus Interest, on January 28, 1949).

Fire Alarm Calls for 1948

The Fire Department answered sixty-one calls during the year 1948.

- 4 Box Alarms—Town
- 10 Box Alarms—Out of Town
- 47 Still Alarms as follows:
 - 20 Chimney Fires
 - 6 Grass Fires
 - 9 Car Fires
 - 8 Oil Burner Fires
 - 1 Refrigerator Fire
 - 1 Under Furnace Fire
 - 1 Roof Fire
 - 1 Cat Rescue Call

AUDITORS' REPORT

Plymouth, New Hampshire

February 12, 1949

We have audited the books of the treasurer of the Plymouth Fire District and Plymouth Village Water Department.

We verified the cash balances and reconciled the bank statements. Individual entries for all expenditures were verified by checking on authorizations and comparing cancelled checks for all accounts with vouchers and accompanying invoices and payrolls.

Column totals, extensions, and page footings were checked and proven for each set of books.

In addition to auditing the books of the treasurer, we have audited the reports of the treasurer of Fire and Sewer Departments. We believe that our signed statements correctly show the facts of the audited books.

We examined the surety bond of the treasurer and find that she is properly bonded.

We burned four Plymouth Village Fire District Refunding and Sewer Bonds, Nos. 33, 34, 35 and 36 totaling \$4,000.00 (\$2,500.00 water, \$1,500.00 sewer). We have also burned interest coupons totaling \$550.00.

STATE OF NEW HAMPSHIRE

Grafton County, ss.

March 8, 1948

A legal meeting of the Inhabitants of the School District in the Town of Plymouth in said County of Grafton, State of New Hampshire, qualified to vote in District Affairs, was held in the New Grade School Auditorium in said District on the eighth day of March, 1948, at 8:15 o'clock in the evening.

Moderator Luther J. Pollard called the meeting to order, read the Warrant, and the Articles as listed therein were then voted on as follows:

I. Luther J. Pollard was elected as Moderator for the coming year, one ballot being cast by E. M. Smith on motion made and carried to that effect, and he took oath of office before R. G. Wakefield, Justice of the Peace.

II. Merlin F. Connary was elected as Clerk for the ensuing year, one ballot being cast by R. A. Messer on motion made and carried to that effect, and he took oath of office before R. G. Wakefield, Justice of the Peace.

III. Edward B. Crowell was elected as Member of the School Board for the ensuing three years, one ballot being cast by the Clerk on motion made and carried to that effect. He later took oath of office before R. G. Wakefield, Justice of the Peace, with signed oath filed with the Clerk and recorded on the Records.

IV. Merlin F. Connary was elected as Treasurer for the ensuing year, one ballot being cast by R. J. Ernst on motion made and carried to that effect, and he took oath of office, at the close of the meeting, before R. G. Wakefield, Justice of the Peace.

V. Voted: That the District shall raise the sum of four hundred seventy five Dollars (\$475.00) to pay the salaries of the School Board, Truant Officer and compensation of any other officers or agents of the District.

VI. On motion made and carried, it was voted to pass the hearing of reports as such information was published in the Annual Report of the District.

VII. Kenneth R. Bartlett and Robert J. Ernst were elected as Auditors for the ensuing year, one ballot being cast by the Clerk on motion made and carried to that effect, and each took oath of office, at the close of the meeting, before R. G. Wakefield, Justice of the Peace.

VIII. After discussion by H. K. Sturtevant, Esq., R. J. Ernst, Dr. H. R. Jones and other voters, and upon motion made by H. K. Sturtevant and carried, it was VOTED: That the District shall raise the sum of Fifty six thousand eight hundred ninety two and 24/100 Dollars (\$56,892.24), from which the sum of Five hundred Dollars (\$500.00) shall be paid to the Plymouth Athletic Club, Inc. toward support of their Ball Park used by students of this District, the balance of which shall be for the support of the public schools and the payments of the statutory obligations of the District for the ensuing year.

IX. The budget committee suggested discussion of this Article, School Board Member R. A. Messer explained the studies and investigations made by the Board regarding costs to enlarge, improve and alter the present buildings to provide space for the increased number of attending students. Upon discussion by Harl Pease and others, it was VOTED: That a committee of five taxpayers, independent of the School Board, investigate the cost of major construction at the High School building, and the Old Grade School building, to provide additional teaching rooms for the Kindergarten, the Seventh and Eighth Grades, before any further action be taken under Article IX. It was further VOTED: That Harl Pease serve as Chairman and appoint the four additional members. It was further VOTED: That the Committee shall report at an adjourned meeting of the District, to be held at the New Grade School Auditorium on the 17th day of May, 1948, at 8:00 o'clock in the evening, of their findings and recommendations to remodel the High School or Old Grade School buildings. It was further VOTED:

That Article IX will be voted on at said adjourned meeting, regarding the sum of money to be raised under this Article for new equipment and major construction.

X. President H. R. Jones of Plymouth Teachers College presented the problems of the College and the State Board of Education regarding increased costs, the hiring of teachers and budget preparations, and gave a fifty year resume of contracts between the District and the State Board. Following discussion by the voters, it was VOTED: That a committee of five members, exclusive of school board members, be appointed by Moderator Luther J. Pollard, who shall assist the School Board investigate and work out a plan with the State Board of Education regarding satisfactory contract for elementary school instructional services to be furnished by the Plymouth Teachers College after July 1, 1949, and that said Committee shall make its report at the adjourned District meeting to be held May 17, 1948, at which time Article X will be further acted upon by the District voters.

XI. Voted: That the School Board is authorized to borrow money to pay the debts of the District and to give therefor notes of the District countersigned by the District Treasurer.

No further business coming before the Meeting, it was adjourned by the Moderator at 10:17 o'clock in the evening, to the adjourned meeting to be held on the 17th day of May, 1948.

A true record, attest.

IX	Adjourned

STATE OF NEW HAMPSHIRE

Grafton County, ss.

May 17, 1948

A legal adjourned meeting of the Inhabitants of the School District in the Town of Plymouth in said County of Grafton, State of New Hampshire, qualified to vote in District affairs, was held in the New Grade School Auditorium in said District, on the seventeenth day of May, 1948, at 8:00 o'clock in the evening, as voted at the last annual meeting held on the eighth day of March, 1948.

Moderator Luther J. Pollard called the meeting to order; Articles IX and X of the 1948 Warrant, with votes as recorded in the Records, were read by the Clerk.

IX. Harl Pease, Chairman of the committee voted under this article to investigate the cost of major construction necessary to provide additional teaching rooms, and committee-member Glea L. Rand, made report of their findings. It was recommended by said committee that the Old Grade School be remodeled and repaired at an estimated approximate cost of \$25,000 to \$28,000. The School Board then presented recommendations resulting from their investigations, as prepared by Paul E. Farnham, Chief, Administrative School Services and Russell H. Leavitt, Chief, Division of Instruction, both men being of the State Board of Education and who had personally inspected the Plymouth school premises for this purpose. These recommendations were as follows:

1. Remodel Old Grade School for 7th and 8th grades—Estimated cost \$35,000. to \$50,000.
2. Remodel High School Assembly Hall for same grades—Estimated cost \$2,000.
3. Remodel High School Assembly Hall & Study Hall—for same grades—same cost as No. 2.

(The District would not receive instructional services from the Plymouth Teachers College, now received for these grades, if either of the above plans are used.)

4. Rent and occupy the White Building on Summer Street from the Plymouth Teachers College for kindergarten classes, said building having been previously so used by the District. (Building to be repaired at no cost to District—annual rental to be \$300.)

5. Construct four classrooms over the New Grade School Auditorium at estimated cost of \$50,000.-\$60,000.; sell the Old Grade School. (Instructional services would be furnished by Plymouth Teachers College under Plans No. 4 and No. 5—Plymouth Teachers College was mentioned as a possible purchaser of the Old Grade School for a laboratory for a possible price of \$15,000.)

It was recommended that Plan No. 4 be followed, with No. 3 as second choice, and No. 5 as a plan for permanent additional teaching space if still feasible at a future date. A motion was made and seconded that the consensus of the meeting be considered as approving the plan suggested by the committee, to remodel and repair the Old Grade School, to be legally voted on at a Special or Annual Meeting, but on vote taken this received a negative vote. On motion made and carried, it was voted in the affirmative that the District rent the White Building on Summer Street from the Plymouth Teachers College for \$300. annual rent, to be used for kindergarten classes, per Plan No. 4 presented above. A discussion of the Cooperative School District plan was made during the meeting and upon motion made and carried, it was voted that a committee of five members, to include the three School Board members with the other two members appointed by the Moderator, investigate carefully the feasibility of a Cooperative School District which would include Plymouth, and to report on same at the next regular school meeting. It was discussed at this meeting that continued study for permanent additional teaching space must be made, use of the White Building being

a temporary stop-gap for about one year. Upon motion made and carried, it was voted to raise the sum of Five thousand eight hundred Dollars (\$5,800.) under Article IX of the Warrant.

Under Article VIII, the sum raised at the March 8, 1948 meeting included \$5,000. which was raised in the belief the District would have to hire 7th and 8th Grade teachers to instruct those classes as occupants of the High School Building. As the vote under Article IX, recorded above, eliminated this anticipated expense, upon motion made and carried, it was voted that the District pay \$5,000. to the State Board of Education out of the amount as raised under Article VIII, in addition to the annual \$10,000. to be paid said Board by contract, to help defray the increase in expenses of the Board due to the additional instructional services they have provided in excess of the contract and because of general increases in expenses.

X. A report of the committee elected at the March 8, 1948 meeting was heard, regarding a new contract with the State Board of Education for elementary school instructional services to be furnished by the Plymouth Teachers College for a ten year period beginning July 1, 1949. Following an explanation of the resulting contract as recommended by this committee on motion made and carried, it was voted that the School Board be authorized to negotiate such a contract with the State Board of Education.

On motion made and carried, a vote of thanks was given the School Board and the committees for their thorough investigations, assistance and work under Articles IX and X.

No other business coming before the Meeting, on motion made and carried, it was adjourned by the Moderator at 9:45 o'clock in the evening.

A true record, attest.

MERLIN F. CONNARY,

Clerk

Article IX \$5,800.

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Plymouth qualified to vote in district affairs:

You are hereby notified to meet at the Grade School Auditorium in said district on the Third day of March, 1949, at 8:00 o'clock in the evening to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing one year.
4. To choose a Member of the School Board for the ensuing three years.
5. To choose a Treasurer for the ensuing year.
6. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.
7. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen, and pass any vote relating thereto.
8. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.
9. To see if the District will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the District, as determined by the School Board in its annual report.
10. To see what action the District will take in regards to the construction of additional class rooms over the gymnasium in the present Elementary School Building and to provide such additional facilities as may be required and to raise, appropriate, or borrow funds for same.

11. To see what action the District will take to renovate existing school buildings and to install a "Quonset" type gymnasium on land owned by the School District and to raise the necessary funds for the same.

12. To see if the District will authorize the school board to study the feasibility of the Plymouth school district becoming a member of a cooperative school district, request the State Board of Education to assist in the preparation of a plan for the proposed cooperative school district and prepare a complete report to the school district for presentation at either a special meeting called in accordance with New Hampshire Revised Laws, Chapter 139, or at the next annual school district meeting. And, to see if the District will raise and appropriate a sum not to exceed \$150.00 to be used by the school board in the preparation of the report so voted first part of this article.

Given under our hands at said Plymouth this 7th day of February, 1949.

RICHARD A. MESSER,
HELEN L. KENISTON,
EDWARD B. CROWELL,
School Board of Plymouth, N. H.

A true copy of Warrant—Attest:

RICHARD A. MESSER,
HELEN L. KENISTON,
EDWARD B. CROWELL,
School Board of Plymouth, N. H.

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Plymouth School Board:

My sixth annual report is now submitted for consideration by yourselves and the citizens of Plymouth. The report presents pertinent facts about the operation of our schools and discusses some of the very urgent problems which must be worked out in the near future. The problem of school housing must be met, either in a temporary or permanent way, before the beginning of another school year.

The 1948 school census gave us some alarming facts about the number of pupils who will enter school in the next six years. Elementary school space, which was considered ample for all future expansion when the New Grade School was built nine years ago, cannot meet demands for more room for the next school year. In other words, between now and September, 1949, ways and means must be found to provide more classrooms than one building can be made to contain. The extent of that need for next year and at the end of ten years is indicated in the tabulation that follows:

	Number of Pupils	Classrooms	Classrooms	Classrooms
Grade	1948	1948	1949	in 10 years
8th	39	1	1	2
7th	37	1	1	2
6th	43	1	1	2
5th	32	1	2	2
4th	49	2	1	2
3rd	35	1	2	2
2nd	33	2	3	2
1st	66	2	3	2
Kinder- garten	41	1	1	2
	<hr/> 375	<hr/> 12	<hr/> 15	<hr/> 18

For the present year every one of the eleven rooms in the grade school is being used and we are renting a room at Plymouth Teachers College for the kindergarten. One of the eleven rooms was originally planned for special activities such as music, dramatics, visual aids, and other group events but is no longer available for its original purpose. Every school should have one purpose room.

The most approved school practice does not contemplate more than twenty-five pupils per teacher in lower grades and not more than thirty in grades above the third or fourth. Our first grade children, who require a maximum of direction and help, are now in two groups of thirty-three each which is more than 33 per cent above acceptable size.

The new state contract, effective July 1, 1949 obligates Plymouth to provide one fully equipped modern classroom for every 30 pupils or fraction thereof in the total elementary school enrollment. On that basis, if the contract were in force this year, we should need 13 classrooms instead of twelve and that number would be in addition to a special purpose room as stipulated in the contract. If we balance the 18 classrooms needed within ten years against the projected total school enrollment of 458 Plymouth pupils alone divided by 30 we arrive at a total of 16 exclusive of a special purpose room. That number does not take into account the non-resident pupils who may be attending our schools nor the most acceptable educational practices previously referred to.

Our immediate concern must be how to provide the extra rooms that will be needed next September.

It appears that we have two choices before us in the development of a long range program of school expansion. The first is to become one of the members of a cooperative school district with neighboring towns which may wish to pool their efforts and resources with ours. The second is to build a new elementary school which can provide the necessary classrooms and special services needed to enable our Plymouth youth to compete on even terms with those of

other progressive towns. If the first choice is made, the present high school building will provide needed elementary expansion and high school students will still have the advantages that accrue from a high school organization of desirable size. If the second choice is made, we shall, after a few more years, find it necessary to exclude high school tuition pupils from other towns. Only absolute necessity should lead to such a step.

Regardless of whatever plan may be eventually adopted, Plymouth must assume a considerable financial load since towns as well as families face increased expenses as the number of children increases. Right now there seems to be little difference between ultimate costs of the two plans just explained. Because of this, cooperative high school membership is to be preferred as promising the greatest return on each dollar of public money invested.

The budget submitted at the March 1949 district meeting has to recognize terms of the 10-year contract with the State of New Hampshire which becomes effective on July 1. Instead of a flat \$10,000 appropriation for elementary school instruction we must allow 65% of the average per capita cost of elementary school instruction for the state in the preceding year for each pupil in our average daily membership for that year. Therefore, the amount requested is more than doubled.

School lunches were approved for the present year and agreements were signed with the Federal School Lunch Program. However, the beginning of the lunch program has been delayed because of two reasons—inadequate funds to purchase necessary equipment and inability thus far to employ a cook and helpers. It is hoped that lunches may be started in January.

Headmaster Keach will discuss significant high school items in his report but mention should be made of certain things at this point.

Constant effort is being made to present a high school program built around the needs and abilities of

participating pupils. Democratic school management prevails in which advice and opinions of both pupils and faculty play a prominent part. Delegation of responsibility is in proportion to individual ability to assume it. A carefully planned activity program enables boys and girls to acquire those attributes of poise and selfconfidence that will be an important feature of adult success. School experiences are tied as closely as possible to the actual needs and situations of contemporary living. Due recognition is given to the fact that no miraculous change occurs immediately on termination of high school membership, but rather that success in assuming adult responsibilities is the true measure of worth in the program we are offering.

It should be of interest to Plymouth people to know that:

1. Saleable skills are actually developed.
2. Our activity program requirements are unique in the state.
3. Our observance of American Democracy last May was described by state officials as outstanding among all the high schools.
4. Our graduates are well equipped to enter post-secondary institutions.
5. Our guidance program is well developed and is helping individuals in their educational and occupational decisions.

Such accomplishments are not accidents. They reflect the sincerity and zeal of faculty members and the determination of Plymouth parents to give their sons and daughters the best start in life within their means to provide. The interest and support of School Board members have contributed largely to school success.

Reports of other school officials are appended hereto and are recommended for careful reading.

My conclusion is an expression of appreciation for the splendid cooperation of the School Board and the help and encouragement received from those who, like ourselves, want only the best for Plymouth youth.

Respectfully submitted,

ARTHUR S. ROLLINS,

Superintendent of Schools

HEADMASTER'S ANNUAL REPORT

To the Superintendent of Schools:

I herewith submit my annual report as Headmaster of Plymouth High School.

The youth graduating from our educational institutions today are entering a more complex civilization than that of a few years ago. Adults have experienced the changes as they occurred and yet they have had considerable difficulty in the matter of adjustment. Your school is trying to prepare youth for life tomorrow by a process of living experiences today in addition to giving them necessary training in fundamental processes.

Curriculum revision is a continuous process. Values change and adjustments should be made to meet these changes. American History is offered this year in the junior year. This will allow pupils to select subjects for senior year study that will be taken up nearer to the time of their actual use. Auto Driving was added this year as a half-unit elective. The ability to drive well is a salable skill. The knowledge of accident hazards and skill in operation that will overcome these hazards is a direct means of reducing loss of life, injuries and property damage. Music appreciation was added as a half-unit course and Glee Club, Special Chorus and Orchestra were added as one-fourth unit courses. These courses will enable pupils to develop their talents in the field of music. The school store, organized and operated entirely by students under the supervision of a teacher, is now a part of the commercial department. Students are gaining experience in real situations which should make them more valuable as prospective employees. The cooperation and advice of the Plymouth merchants in this project is deeply appreciated.

The coordination and extension of services in the guidance field spoken of in last year's report are continuing this year. A committee of four teachers have been meeting at intervals to study ways and means of

improvement of guidance services. The recommendations of this committee are considered at faculty meetings and discussed and adopted if the values are proven to be of worth. Under consideration at the present time are the ways and means of a follow-up of graduates that will give knowledge valuable to the school as a measure of our success in meeting pupil needs. The new guidance room enables better distribution of information about vocational and educational opportunities. A group of pupils act as librarians which is an educational experience for them as well as an aid to the guidance director. The testing program includes standard tests that enable teachers to analyze the accomplishment of pupils with the view to emphasizing work in areas where accomplishment does not meet recognized standards.

Several physical improvements have been accomplished or are in the process of accomplishment. The large study hall was made into two rooms which makes for better control and administration. The renovation of the home economics room was completed, a small area was partitioned off in the large study hall to be used for guidance conferences and the display and storage of guidance materials. The basement rooms have been rearranged to allow more efficient use of the available space. Lockers ordered in July arrived in December and are being assembled. New light fixtures ordered in June have arrived and are in the process of installation. The class of 1948 left over \$200 for the purpose of buying an electric basketball score board. This money plus the proceeds of some Student Council sponsored activities made it possible to buy and install the basketball score board now in use in the grade school auditorium.

The Get-Acquainted Day programs were well attended again this year. Results indicate that visiting high school previous to enrollment and the opportunity to discuss subject selection is of considerable benefit to eighth grade pupils.

The annual Open House night attendance was gratifying. Attendance at such a special event aids in the understanding of what is being done in the school.

However, visiting during regular school hours will give a clearer perspective and I urge that more parents visit their school.

During the week of May 16 Plymouth High School observed "Education for Democracy Week" proclaimed by the National Education Association and supported in New Hampshire by the State Department of Education. The week's activities were planned and carried out by the Student Council with the assistance of the faculty, student body, and representatives of the townspeople. Examples of successful activities of the week are: 1. Conduct of the school (administration, teaching, etc.) for one complete day was entirely under pupil direction and control. 2. Representatives from Plymouth High School attended a high school conference in Concord sponsored by the State Department of Education. 3. Student suggestions and criticism on the final day were encouraged. Teachers learned that although "democracy" flourished in the school, there was still room for improvement. The school received very favorable comment in news articles in the state and communications from the State Department of Education for outstanding accomplishment.

Every pupil took part in the Prize Speaking Contest which was conducted during the month of May. The prizes were generously donated by the Plymouth Rotary Club. The purpose of the prize speaking is to give the entire school practice in the organization and presentation of any chosen topic. The aims are: to improve concise, grammatically correct written expression and confident, logical oral expression. This is carried out by preparation in each English class, presentation before the student body, and finally before the public. The finals being arrived at by process of elimination in the first two situations. The standards for judging are as follows: choice of subject, organization, use of English, memory, poise, voice, and expression.

Last fall, during the Teacher Workshop for the teachers of Union No. 48 a group of high school teachers planned a noon hour program for Plymouth High School. The program is now in operation and answers

a pupil need for wholesome recreation during the noon hour. A member of the faculty has an early lunch period returning to take charge of the program at 12:06. Touch football, and horseshoe games were popular as long as weather permitted. We plan to add volley ball as an outdoor activity in the spring. Lack of space is a problem for outdoor activities as approximately six hundred pupils from the elementary and high school play on an area of less than two acres. The indoor program consists of dancing made possible by a record player donated by the Plymouth Furniture Company, two ping pong tables, chess, card games, and checkers. Movies have been shown on several occasions and are popular with the pupils. The pictures are both educational and entertaining. They are obtained from free film libraries, transportation charges being the only cost to the school.

We are continuing the policy of trying to give each individual the opportunity of experience in game situations in addition to the regular physical education program and interscholastic competition. The number of pupils participating in intramural games is larger this year and more pupils are on the varsity squads. The indoor high school program will probably have to be curtailed next year as the elementary school, under the new contract, will have a larger share of the time of the grade school auditorium. This will affect both the class time physical education program and the after school activities. There is a limit to the time one gymnasium can be used. Under present conditions Monday through Thursday the auditorium is used from 8:15 a. m. to 6:00 p. m. by the high school. Physical education classes are in session from 8:15 to 11:45 a. m., from 11:45 a. m. to 1:00 p. m. the grade school lunch and noon hour program has the use of the hall. Physical education classes are in session from 1:06 p. m. to 2:32 p. m. Intramurals or girls' basketball practice take place from 2:32 to 3:30 p. m. The boys' varsity and junior varsity basketball teams use the hall from 3:30 to 6:00 p. m. On Fridays the grade school pupils use the auditorium for physical education classes and assembly programs from 9:00 a. m. to 3:00 p. m. From 3:05 to 5:30 p. m.

high school intramural games are in progress. On Saturday the grade school pupils have the use of the auditorium for a basketball program. The three organizations are using the auditorium for their scheduled basketball games and other town organizations try to squeeze an occasional evening program into the schedule. Sunday the auditorium gets a rest except for special meetings.

The Student Council representing the student body continues to aid the administration in meeting the needs of the pupils. The material gathered by council members for the Student Handbook were turned over to the commercial department; this department organized the material and published the handbook last fall. A Student Council special project this year is a high school Winter Carnival.

Our attendance and tardy record was not quite as good this past year. It is hoped that through the cooperation of parents and pupils our record will improve this year.

We are continuing to emphasize pupil participation in our weekly assembly programs and to provide programs that have a high educational value.

The records of films shown and the scheduling of the use of our projector is continuing to improve the value of this education aid.

Our teachers' meetings are directed toward the consideration of making the high school more efficient through the maximum use of the facilities available. We are currently evaluating and considering ways and means of improvement by a study of the New Hampshire Life Adjustment Commission report. This report lists nine objectives that should be attained by secondary schools, for example, Objective Nine is: All youth should develop to the extent possible competence in expressing themselves clearly and in thinking rationally.

The eighth period activity program continues this year to give pupils the opportunity to select activities that will aid them in life adjustment experiences. The

donation of a 1923 Gardner car by Mr. George Gilman and rearrangement of the uses of the basement rooms have made it possible to offer auto mechanics on an activity basis.

We have yet to solve the problem of overcrowding in the industrial arts department and while progress has been made in the matter of providing a hot lunch program an actual program is not yet in operation.

The enrollment in the high school is less this year and there may be a further slight decrease next year. Thereafter we can expect an increasing enrollment. Considerable thought, resulting in suitable action is a MUST this year if we are to be ready to meet the needs of the future.

I wish to express my appreciation to the School Board. Superintendent Rollins, Citizens, Teachers and pupils for their help and cooperation during the past year.

Respectfully submitted,

ELLIOTT W. KEACH,

Headmaster.

PLYMOUTH ELEMENTARY SCHOOL REPORT

To the School Board, Superintendent of Schools,
Parents and citizens of Plymouth:

This is the third annual report on the Plymouth Elementary School. The report is divided as follows:
A. Teachers, B. Housing and Enrollment, C. Recommendations.

A. TEACHERS:

Teachers added to the staff in September were as follows:

Miss Ruth Fox	Grade I
Mrs. Thelma MacFarlane	Grade I
Miss Elah Cowart	Grade II
Miss Ann Booth	Grade II
Miss Natalie Hopkins	Grade IV

B. HOUSING AND ENROLLMENT:

Approximately 373 pupils were enrolled in the school during the opening week. This number is now 370, divided as follows:

Kindergarten	Mrs. Batchelder	39
Grade I	Mrs. MacFarlane	32
Grade I	Miss Fox	33
Grade II	Miss Booth	17
Grade II	Miss Cowart	16
Grade III	Mrs. Durkee	35
Grade IV	Miss Hopkins	26
Grade IV	Miss Hoyt	25
Grade V	Mr. Hart	31
Grade VI	Mrs. Wright	42
Grade VII	Mr. Merrill	36
Grade VIII	Mrs. Brown	38
Total		370

The kindergarten was divided into morning and afternoon groups because of the large enrollment. It will be noted that Grades I, II and IV were also divided into two groups for each grade level but that some other grades still exceed the class ratio of 25 pupils to one teacher toward which we would like to work.

Estimated enrollment and class size for the school year of 1949-1950 is indicated in the following table:

Grade	Group Size	Total
Kindergarten A.M.	25	
Kindergarten P.M.	25	50
Grade I	22	
Grade I	22	
Grade I	22	66
Grade II	22	
Grade II	22	
Grade II	22	66
Grade III	33	33
Grade IV	35	35
Grade V	26	
Grade V	25	51
Grade VI	31	31
Grade VII	42	42
Grade VIII	38	38
	<hr/>	<hr/>
Total	412	Total 412

Fourteen classrooms would be needed if grades were divided as shown above. It would be advantageous to have an additional teacher to work with seventh and eighth grades as well, and every effort will be made to secure such an additional teacher. For next year, then, provision is needed for fifteen classrooms plus facilities for music, visual aids, group work and the like. This brings the number of new rooms needed to a minimum of five. There are eleven rooms in the present school plant. The total number of rooms for the elementary school would then be sixteen.

In interpreting the above table it should be remembered that:

1. In all elementary grades, a pupil-teacher ratio of 25-1 is desirable. Fewer than twenty-five pupils in a classroom is best for grades I through IV because so much individual attention is necessary in teaching beginning reading, arithmetic, writing and other skills.

2. The kindergarten has been occupying space loaned by the Teachers College. Faced with crowded conditions itself, the college must use this space next year. Figures for the kindergarten enrollment are estimated from the census. In September of 1948, the enrollment was forty-two. As usual, the winter weather has caused a decrease in attendance. There will undoubtedly be an increase during the spring months.

3. The estimate for the first grade takes into consideration the number of children of that age level now living in the district and the fact that there are frequently twice as many in the first grade as in kindergarten. Many children do not attend kindergarten but begin their schooling with grade I.

4. There are only twenty tuition pupils enrolled for the year 1948-1949. It is unlikely that that figure will increase by more than three or four next year. They do not noticeably affect the size of any grade as they are of various age and grade levels. It should be said that they are a real asset to the school in terms of helpful class membership.

Plymouth like the rest of the country, is faced with the problem of providing classroom space for its increasing numbers of children.

It is no longer a need which may be answered in the future. It is a question of present urgency for in less than seven months of the time of the publication of this report enough children will enroll to occupy five more elementary classrooms than present facilities provide.

In planning a long-range program, provisions should be made for gymnasium facilities for the elementary school. Elementary school children need the use of a gymnasium at least thirty minutes per day

over and above the brief recess periods. Under the terms of the present contract, the gymnasium is allotted to the elementary school for only one-fifth of school time. This time, in order to fit into the high school schedule leaves Friday as the day for the elementary school. School is in session for five hours during the day. This means, in terms of the approximately fifteen elementary groups next year, that each child will be able to use the gymnasium for a maximum of twenty minutes per week. This allotted time includes use of the gymnasium-auditorium for assemblies, play rehearsals and other activities. It should also be stated that present playground space and facilities are inadequate.

C. RECOMMENDATIONS:

As principal of the elementary school, I want to use this report to mention some factors which ought to enter into long-range thinking and planning. Before doing so, I want to make clear some conditioning factors which influence my judgment.

1. Plymouth, like most towns in New Hampshire, cannot now afford a building program which will cost it several hundreds of thousands of dollars.

2. It is likely that state aid and federal aid for school construction will be forthcoming within two or three years.

3. I have visited many cooperative schools and have taught in two of them. I am greatly impressed with what they can do for boys and girls.

4. Elementary classrooms ought to exceed 30 square feet per pupil, or 750 square feet for a class of 25. Anything less than this prejudices the learning situation for the children.

In view of these factors I propose:

1. That additional rooms be built over the gymnasium. This is in keeping with the original plans for expansion of the building and keeps the elementary school program in one structure where it can work as a cohesive unit.

2. That in making the decision as to the manner in which additional elementary school classrooms should be secured, nothing be done to jeopardize establishment of a cooperative high school.

A daily average of over 200 children now participate in the mid-morning milk program. Plymouth elementary children still do not have the benefits of a hot lunch if they stay at school at noon. It is hoped that this unfortunate lack will be remedied next year.

WILLIAM P. VIALL,

Principal

COPY OF STATE CONTRACT

Agreement

THIS AGREEMENT effective the first day of July A. D. 1949 by and between the State of New Hampshire, represented by the State Board of Education, hereto duly authorized, PARTY OF THE FIRST PART, and the Plymouth Town School District, a municipal corporation situated in the County of Grafton in said State of New Hampshire, represented by its duly elected School Board, hereto duly authorized, PARTY OF THE SECOND PART.

WITNESSETH:

The parties hereto, each in consideration of the promises and agreements of the other herein contained and of the actions and things by the other to be done and performed, mutually agree as follows:

1. The party of the first part agrees that it will provide during the term of this contract the teaching staff and the instructional services for a modern and efficient elementary school including grades kindergarten through six, or at the request of the party of the second part, kindergarten through eight, upon due notice given prior to March 15 preceding the change to occur in the following September. The party of the first part agrees that it will provide one full time classroom teacher for every thirty pupils or fraction thereof enrolled in the total enrollment of the grades for which the party of the first part is responsible. All student teaching shall be under the direction and supervision of said classroom teachers. No tuition charges shall be made for any person of school age who resides within the School District of Plymouth and whom the Plymouth School Board shall permit to attend said Plymouth Elementary School except the charge that is paid by the party of the second part to the party of the first part as hereinafter stated. Persons not residents in the Plymouth School District shall be allowed to attend said Plymouth Elementary School at the

election of the Plymouth School Board, PROVIDED they can do so without detriment to the Plymouth students and then only upon payment to the party of the second part of the tuition charge as fixed by the party of the second part.

2. The party of the second part agrees that it will put at the disposal of the party of the first part for use for school purposes under this contract suitable modern elementary school classrooms fully equipped for school use with the number of classrooms to be provided to be at least one classroom for every 30 pupils or fraction thereof in the total enrollment of the grades for which the party of the first part is responsible. Additional space will also be provided for a school library, musical activities, audio-visual class-work, dramatics, and other activities not conveniently carried on in a classroom regularly assigned. Gymnasium facilities will be provided so that the elementary school will have the use of a gymnasium for at least one-fourth of the hours the school is in session. Facilities for work in home economics and arts and crafts for grades seven and eight will be provided by the party of the second part or else arrangements will be made with the party of the first part to provide these physical facilities on an actual cost basis. The party of the second part agrees to provide all necessary janitor service, fuel, water, light, and janitor supplies and to meet all other expenses necessary for the operation and upkeep of the physical plant and school grounds. The party of the first part shall furnish proper supervision and instruction for the educational activities for which provision is made in this paragraph.

3. An advisory board shall meet at least three times a year to advise on policy and administrative practices relating to the elementary school program and the continuation of teachers contracts. This board shall consist of the three members of the Plymouth School Board, three members appointed by the State Board of Education, and the superintendent of schools and the president of Plymouth Teachers College, these latter two serving in an ex officio capacity without authority to vote. A chairman and secretary shall be

elected at the first meeting of each school year to serve until the first meeting of the ensuing school year. Copies of the minutes of each meeting shall be sent to all members of the advisory board after each meeting.

4. The administration of the instructional program shall be the responsibility of the party of the first part.

5. Both parties to this contract mutually agree to cooperate with each other to the end that the Plymouth students in the Plymouth Elementary School may have the best possible elementary education. All facts and information relating to the administration and general status of the Plymouth Elementary School and the pupils therein shall be accessible to the members of the advisory board.

6. Selection of classroom teachers shall be under the jurisdiction of the party of the first part with nominations being made by the president of the Teachers College. Any ineffectiveness on the part of teaching personnel or failure to carry out agreed upon policies may be made a subject of discussion at a meeting of the advisory board.

7. The party of the second part agrees to permit the party of the first part to have the reasonable use of the Plymouth Elementary School as a student teaching, observation, and demonstration school for the students of Plymouth Teachers College during the term of this contract.

8. It is mutually agreed that the entire expense of instruction for the Plymouth Elementary School including the salaries of classroom teachers and the costs of educational supplies and equipment shall be borne by the party of the first part. To partially defray these expenses, the party of the second part agrees to pay to the party of the first part annually on or before March one of each school year during the term of this contract an amount equal to sixty-five per cent of the cost per pupil in average daily membership in the elementary schools in the State of New Hampshire for the preceding school year multiplied by

the number of pupils in average daily membership in the Plymouth Elementary School during the first semester of the school year for which the amount is being paid. The statistics of the State Board of Education which furnish costs per pupil in average daily membership are to be accepted in computing this amount with the stipulation that expenditures for capital outlay are not to be included in the statistics. If the average daily membership in the second semester varies from the average daily membership in the first semester of any given year by more than five per cent, an adjustment in the amount paid by the School District of Plymouth for that year will be made prior to July first of that year based on the average daily membership of Plymouth pupils for the entire school year instead of the average daily membership for the first semester.

9. The salary of the school nurse for services performed in the elementary school shall be paid by the party of the second part.

10. All rights, duties and privileges accruing to town school districts under the laws of the State of New Hampshire are reserved to the party of the second part unless otherwise expressly provided in this contract.

11. This contract shall become effective July first, A. D , 1949, and shall remain in effect for a period of ten years thereafter unless abrogated at an earlier date by either party. A party desiring to terminate the contract must be given written notice of such intention to the other party by January thirtieth of the year preceding the year in which the contract is to be terminated. The contract shall then be terminated on June 30 of the year following that in which notice of intention to terminate the contract is given.

12. This contract shall supersede all contracts heretofore made.

IN WITNESS WHEREOF the parties hereto have respectively caused these presents to be signed in their

name and behalf by their duly authorized representatives.

REPORT OF SCHOOL NURSE

To Plymouth School Board:

I herewith submit my report as School Nurse from September 1947 to July 1948.

Number of children inspected 639

Symptoms of defects found at time of inspection

Dental	81
Tonsils	40
Vision	28
Enlarged glands	8
Underweight	14
Orthopedic	5
Skin	11
Speech	5
Chest X-rays advised	9

These corrections were reported made

Dental	291
Tonsils	17
Vision	61

The communicable diseases reported occurring since last examination were as follows:

Chicken pox	4
Measles	8
Mumps	1
Whooping Cough	71
Scarlet Fever	4
Pediculosis	5
Skin	15

The Red Cross again sponsored dental clinics Friday mornings from January 21 to June 4 at which 33 Plymouth children were treated in 49 dental calls. 23 of these children had free care while 10 paid part of the cost.

Through the courtesy of the New Hampshire Tuberculosis Association 211 of the High School pupils and 71 Junior High children had skin tests. 34 of these who had positive reactions had chest X-rays. 17 had previously been X-rayed at the regular Chest Clinics this year.

Six children were examined and had glasses furnished through the Sight Conservation Program of New Hampshire Public Welfare.

Several families had special social welfare calls and aid because of illness of their children. Much of this help was given by our local Red Cross Chapter.

The physical examinations were given to the pupils of the High School by Dr. McIver in September, 1948, with these defects found:

Number examined	287
Dental	43
Tonsils	13
Glands	3
Skin	6
Orthopedic	4
Scoliosis, or poor posture	10
Asthma	2
Chest X-rays advised	8

In the Fall the audiometer test was given to 229 children of the Grade School, from the Second Grade through the Eighth with 34 seeming to have some hearing loss varying in intensity. Some of the defects were very slight, however, it is considered most important for these children to see a physician as there is always the possibility that the defect might be the type that causes progressive deafness which might be arrested or cured by treatment.

The vision test, using the Massachusetts Vision Testing System, has been given to 653 pupils of the Grades and High Schools. 34 showed symptoms of some vision troubles. The follow up on these tests have been very good with many reporting trips to

their oculists. 142 of the children in school have had glasses which indicates that parents want their children to see. Let's be sure that they hear, if possible.

I have enjoyed attending various nurses' meetings, the State Institute and the Health Work Shop at Keene Teachers College which was held the week before school started in September. These meetings are always a source of inspiration and help which I endeavor to pass on in my work.

Again I wish to express my appreciation to parents, pupils, teachers, School Board and Superintendent for their cooperation and help.

Respectfully submitted,

ANNA M. LOVETT, R.N.

MERLIN F. CONNARY,

District Treasurer

Plymouth, New Hampshire

July 9, 1948

We have today examined the foregoing account, books and other records of Merlin F. Connary, Treasurer of the Plymouth Town School District, and found them correctly cast, with supporting school board order for each disbursement. We have today destroyed Interest Coupons from District Bonds amounting to \$652.50 being all the coupons so far presented for payment against the sum deposited in The National Shawmut Bank to meet the District's interest obligations due up to June 1, 1948. At the same time we also destroyed Bonds Nos. 32-33-34 that matured and were paid June 1, 1948, amounting to \$3,000.00.
